Chair's and chief finance and accounting officer's declaration

The attached financial statements for the Professional Standards Council of Victoria have been prepared in accordance with Direction 4.2 of the Standing Directions of the Minister for Finance under the *Financial Management Act 1994*, applicable Financial Reporting Directions, Australian Accounting Standards including Interpretations, and other mandatory professional reporting requirements.

We further state that, in our opinion, the information set out in the comprehensive operating statement, balance sheet, statement of changes in equity, cash flow statement and accompanying notes, presents fairly the financial transactions during the year ended 30 June 2016 and financial position of the Council as at 30 June 2016.

At the time of signing, we are not aware of any circumstances which would render any particulars included in the financial report to be misleading or inaccurate.

We authorise the attached financial statements for issue on 21 September 2016.

INDEPENDENT AUDITOR'S REPORT

To the Council Members, Professional Standards Council, Victoria

The Financial Report

I have audited the accompanying financial report for the year ended 30 June 2016 of the Professional Standards Council, Victoria which comprises the comprehensive operating statement, balance sheet, statement of changes in equity, cash flow statement, notes comprising a summary of significant accounting policies and other explanatory information, and the chair's and chief finance and accounting officer's declaration.

The Council Members' Responsibility for the Financial Report

The Council Members of the Professional Standards Council, Victoria are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards, and the financial reporting requirements of the *Financial Management Act 1994*, and for such internal control as the Council Members determine is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

As required by the *Audit Act 1994*, my responsibility is to express an opinion on the financial report based on the audit, which has been conducted in accordance with Australian Auditing Standards. Those standards require compliance with relevant ethical requirements relating to audit engagements and that the audit be planned and performed to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The audit procedures selected depend on judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, consideration is given to the internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the Council Members, as well as evaluating the overall presentation of the financial report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Independent auditor's report

Independent Auditor's Report (continued)

Independence

The Auditor-General's independence is established by the *Constitution Act 1975*. The Auditor-General is not subject to direction by any person about the way in which his powers and responsibilities are to be exercised. In conducting the audit, I and my staff and delegates complied with all applicable independence requirements of the Australian Auditing Standards and relevant ethical pronouncements.

Opinion

In my opinion, the financial report presents fairly, in all material respects, the financial position of the Professional Standards Council, Victoria as at 30 June 2016 and of its financial performance and its cash flows for the year then ended in accordance with applicable Australian Accounting Standards, and the financial reporting requirements of the *Financial Management Act 1994*.

Cash and cash equivalents at the end of the financial year		677,724	1,044,039

The cash flow statement should be read in conjunction with the accompanying notes.

Notes to the Financial Statements for the financial year ended 30 June 2016

Note 1. Summary of significant accounting policies

These annual financial statements represent the audited general purpose financial statements for the Professional Standards Council of Victoria (the Council), for the period ended 30 June 2016. The purpose of the report is to provide users with information about the Council's stewardship of resources entrusted to it.

A. STATEMENT OF COMPLIANCE

These general purpose financial statements have been prepared in accordance with the *Financial Management Act 1994 (FMA)* and applicable Australian Accounting Standards (AAS), which include Interpretations, issued by the Australian Accounting Standards Board (AASB). In particular, they are presented in a manner consistent with the requirements of the AASB 1049 Whole of Government and General Government Sector Financial Reporting.

Where appropriate, those AAS paragraphs applicable to not-for-profit entities have been applied.

Accounting policies are selected and applied in a manner which ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported.

To gain a better understanding of the terminology used in this report, a glossary of terms and style conventions can be found in Note 13.

These annual financial statements were authorised for issue by the Chair of the Council on 21 September 2016.

B. BASIS OF ACCOUNTING PREPARATION AND MEASUREMENT

The accrual basis of accounting has been applied in the preparation of these financial statements whereby assets, liabilities, equity, income and expenses are recognised in the reporting period to which they relate, regardless of when cash is received or paid.

Judgements, estimates and assumptions are required to be made about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on professional judgements derived from historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

Revisions to accounting estimates are recognised in the period in which the estimate is revised and also in future periods that are affected by the revision. Judgements and assumptions made by management in the application of AASs that have significant effects on the financial statements relate to recognition of fees paid in advance as revenue.

These financial statements are presented in Australian dollars and prepared in accordance with the historical cost convention except for certain liabilities, most notably unearned income.

Consistent with AASB 13 Fair Value Measurement, the Council determines the policies and procedures for both recurring fair value measurements such as financial instruments and for non-recurring fair value measurements such as non-financial physical assets held for sale, in accordance with the requirements of AASB 13 and the relevant Financial Reporting Directions.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Council has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

In addition, the Council determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant

to the fair value measurement as a whole) at the end of each reporting period.

C. REPORTING ENTITY

The financial statements cover the Council as an individual reporting entity.

The Council is a Statutory Agency of the State of Victoria, established under the *Professional Standards Act 2003 (Vic)*.

Its principal address is:

Professional Standards Council
Level 2
St James Centre
111 Elizabeth Street
Sydney NSW 2000

The Council is an administrative agency acting on behalf of the Crown.

The financial statements include all the controlled activities of the Council.

A description of the nature of the Council's operations and its principal activities is included in the Professional Standards Councils combined annual report, which does not form part of these financial statements.

Objectives and Funding

The objectives of the Council is to promote consumer protection and excellence in professional standards by encouraging self-regulation of occupational groups through Professional Standards schemes.

(i) Professional Standards Schemes

Professional Standards Schemes apply to members of occupational associations that administer Professional Standards Schemes approved by the Councils.

Professional Standards Schemes:

- › Recognise those occupational associations who implement robust risk management strategies;
- › Limit occupational liability for members of occupational associations who carry professional indemnity insurance and/or business assets which comply with the association's standard of insurance and are at (or above) the level of the limitation of liability amount (cap); and
- › Entitle participating members of the occupational associations to use the Cover of Excellence® logo (only permitted where the scheme has been approved before February 2014 and remains in force).

(ii) The Professional Standards Councils

The Councils were constituted under state and territory professional standards legislation, with the mandate to approve Professional Standards Schemes. There are a total of eight Councils, one for each Australian state and territory. Each Council consists of 11 members, who are nominated and appointed pursuant to the Professional Standards Agreement.

(iii) The Victorian Council

The Council was established under the *Professional Standards Act 2003* (the Act). The Council is responsible for determining the limitation of liability. When doing so, the Council must consider the claims history of each association member and the need to adequately protect consumers.

The Council's other functions are set out in section 46 of the Act, and are in summary:

- › To advise the Minister about publication in the Gazette, amendments to, or revocation of a scheme;
- › To advise occupational associations about insurance policies relating to limitation of liability;
- › To encourage and assist in the improvement of occupational standards of members of occupational associations;
- › To encourage and assist in the development of self-regulation of occupational associations;
- › To monitor the occupational standards of members of participating occupational associations;
- › To monitor the compliance by an occupational association with its risk management strategies;
- › To publish advice and information about the functions of Council;
- › To conduct forums, approved by the Minister, on issues of interest to members of occupational groups;
- › To collect, analyse and provide the Minister with information on issues and policies about the standards of occupational groups; and
- › To start proceedings in its own name for the prosecution of an offence against the Act or for injunctive or other relief for the offences.

(iv) Funding of the Council

The Council is fully funded through the following:

- › A fee of \$5,000 is payable to the Council for a Professional Standards scheme application for approval, amendments or revocation;
- › An annual fee of \$50 for each member of occupational associations participating in a Professional Standards Scheme; and
- › Interest received on bank accounts and term deposit.

D. SCOPE AND PRESENTATION OF FINANCIAL STATEMENTS

Comprehensive operating statement

The comprehensive operating statement comprises three components, being 'net result from transactions' (or termed as 'net operating balance'), 'other economic flows included in net result', as well as 'other economic flows – other comprehensive income'. The sum of the former two, together with the net result from discontinued operations, represents the net result.

The net result is equivalent to profit or loss derived in accordance with AASs.

'Other economic flows' are changes arising from market re-measurements and include fair value changes of financial instruments.

This classification is consistent with the whole of government reporting format and is allowed under AASB 101 Presentation of Financial Statements.

Balance sheet

Assets and liabilities are presented in liquidity order with assets aggregated into financial assets.

Current and non-current assets and liabilities are disclosed in the notes, where relevant. In general, non-current assets or liabilities are expected to be recovered or settled more than 12 months after the reporting period.

Cash flow statement

Cash flows are classified according to whether or not they arise from operating, investing, or financing activities. This classification is consistent with requirements under AASB 107 Statement of Cash Flows.

Statement of changes in equity

The statement of changes in equity presents reconciliations of non-owner and owner changes in equity from opening balance at the beginning of the reporting period to the closing balance at the end of the reporting period. It also shows separately changes due to amounts recognised in the 'Comprehensive result' and amounts related to 'Transactions with owner in its capacity as owner'.

Rounding

Amounts in the financial statements have been rounded to the nearest dollar, unless otherwise stated. Figures in the financial statements may not equate due to rounding. Please refer to the end of Note 13 for a style convention explanation of minor discrepancies resulting from rounding.

E. CHANGES IN ACCOUNTING POLICIES

There have been no new or revised accounting Standards adopted since the 2014–15 reporting period.

F. INCOME FROM TRANSACTIONS

Income is recognised to the extent that it is probable that the economic benefits will flow to the entity and the income can be reliably measured at fair value.

Fee income

Fee income is derived from the professional associations who are members of the Professional Standards Council in accordance with Professional Standards Regulations 2007. These are the Chartered Accountants Australia and New Zealand, The Victorian Bar, Law Institute of Victoria and the Association of Taxation and Management Accountants. The Certified Practising Accountants Scheme transitioned to a NSW mutual recognition based scheme in February 2014. Engineers Australia's scheme expired in January 2016.

Interest

Interest income includes interest received on bank term deposits and other investments and the unwinding over time of the discount on financial assets. Interest income is recognised using the effective interest method which allocates the interest over the relevant period.

Net realised and unrealised gains and losses on the revaluation of investments do not form part of income from transactions, but are reported either as part of income from other economic flows in the net result or as unrealised gains or losses taken directly to equity, forming part of the total change in net worth in the comprehensive result.

Other income

Other income is interest attributable to the late payment of annual fees. Interest accrues at the rate of 0.05% per day when annual member fees are not paid within 30 days after it is due.

G. EXPENSES FROM TRANSACTIONS

Expenses from transactions are recognised as they are incurred and reported in the financial year to which they relate.

Other operating expenses

Other operating expenses generally represent the day to day running costs incurred in normal operations and include:

Supplies and services

Supplies and services costs are recognised as an expense in the reporting period in which they are incurred.

The only expense that the Council incurs is for the provision of secretariat services by the NSW Department of Finance, Services and Innovation as agreed under the Professional Standards Interdepartmental Service Agreement 2013. The Council does not employ staff and as such no employee benefits are recognised.

Bad and doubtful debts

Refer to Note 1(H) Impairment of financial assets.

H. FINANCIAL ASSETS**Cash and deposits**

Cash and deposits recognised on the balance sheet comprise cash on hand and cash at bank, deposits at call, and those highly liquid investments with an original maturity

of three months or less, which are held for the purpose of meeting short term cash commitments rather than for investment purposes, and readily convertible to known amounts of cash with an insignificant risk of changes in value.

Receivables

Receivables consist of:

- › contractual receivables, such as debtors in relation to goods and services and accrued investment income; and
- › statutory receivables, such as Goods and Services Tax (GST) input tax credits recoverable.

Contractual receivables are classified as financial instruments and categorised as loans. Statutory receivables, are recognised and measured similarly to contractual receivables (except for impairment), but are not classified as financial instruments because they do not arise from a contract.

Receivables are subject to impairment testing. A provision for doubtful receivables is recognised when there is objective evidence that the debts may not be collected, and bad debts are written off when identified.

Investments and other financial assets

Amounts held in interest bearing accounts for greater than 90 days have been classified as Investments.

Any interest earned on the financial asset is recognised in the comprehensive operating statement as a transaction.

Impairment of financial assets

At the end of each reporting period, the Council assesses whether there is objective evidence that a

financial asset or group of financial assets is impaired. All financial instrument assets, except those measured at fair value through profit or loss, are subject to annual review for impairment.

Receivables are assessed for bad and doubtful debts on a regular basis. Those bad debts considered as written off by mutual consent are classified as a transaction expense. Bad debts not written off by mutual consent and the allowance for doubtful receivables are classified as other economic flows in the net result.

I. LIABILITIES**Payables**

Payables consist of:

- › contractual payables, such as accounts payable. Accounts payable represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid, and arise when the Council becomes obliged to make future payments in respect of the purchase of those goods and services; and
- › statutory payables, such as GST payable.

Contractual payables are classified as financial instruments and categorised as financial liabilities at amortised cost (refer to Note 9). Statutory payables are recognised and measured similarly to contractual payables, but are not classified as financial instruments and not included in the category of financial liabilities at amortised cost, because they do not arise from a contract.

Unearned revenue

Unearned revenues represent the portion of schemes received but not yet earned and relate to periods of the scheme subsequent to balance date.

J. COMMITMENTS

Commitments for future expenditure are operating commitments arising from contracts. These commitments are disclosed by way of a note (refer to Note 7 Commitments for expenditure) at their nominal value and inclusive of the GST payable.

These future expenditures cease to be disclosed as commitments once the related liabilities are recognised in the balance sheet.

K. CONTINGENT ASSETS AND CONTINGENT LIABILITIES

Contingent assets and contingent liabilities are not recognised in the balance sheet, but are disclosed by way of a note (Refer to Note 8 Contingent Assets and Liabilities) and, if quantifiable, are measured at nominal value. Contingent assets and liabilities are presented inclusive of GST receivable or payable respectively.

L. ACCOUNTING FOR THE GOODS AND SERVICES TAX

Income, expenses and assets are recognised net of the amount of associated GST, except where GST incurred is not recoverable from the taxation authority. In this case, the GST payable is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the balance sheet.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flow.

Commitments and contingent assets and liabilities are also stated inclusive of GST (refer to Notes 7 and 8).

M. AUSTRALIAN ACCOUNTING STANDARDS ISSUED THAT ARE NOT YET EFFECTIVE

Certain new Australian Accounting Standards (AASs) have been published that are not mandatory for the 30 June 2016 reporting period. The Department of Treasury and Finance assesses the impact of these new standards and advises the Council and other entities of their applicability and early adoption where applicable.

As at 30 June 2016, the following AASs have been issued by the AASB but are not yet effective. They become effective for the first financial statement for reporting periods commencing after the stated operative dates as follows:

Topic	Key requirements	Effective date
AASB 9 <i>Financial Instruments</i>	The key changes introduced by AASB 9 include the simplified requirements for the classification and measurement of financial assets, a new hedging accounting model and a revised impairment loss model to recognise impairment losses earlier, as opposed to the current approach that recognises impairment only when incurred.	1 January 2018
AASB 15 <i>Revenue from Contracts with Customers</i>	The core principle of AASB 15 requires an entity to recognise revenue when the entity satisfies a performance obligation by transferring a promised good or service to a customer. Note that amending standard AASB 2015-8 <i>Amendments to Australian Accounting Standards – Effective Date of AASB 15</i> has deferred the effective date of AASB 15 to annual reporting periods beginning on or after 1 January 2018, instead of 1 January 2017.	1 January 2018

Topic	Key requirements	Effective date
AASB 2010-7 <i>Amendments to Australian Accounting Standards arising from AASB 9 (December 2010)</i> [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 120, 121, 127, 128, 131, 132, 136, 137, 139, 1023 & 1038 and Interpretations 2, 5, 10, 12, 19 & 127]	<p>The requirements for classifying and measuring financial liabilities were added to AASB 9. The existing requirements for the classification of financial liabilities and the ability to use the fair value option have been retained. However, where the fair value option is used for financial liabilities the change in fair value is accounted for as follows:</p> <ul style="list-style-type: none"> ▶ the change in fair value attributable to changes in credit risk is presented in other comprehensive income (OCI); and ▶ other fair value changes are presented in profit or loss. If this approach creates or enlarges an accounting mismatch in the profit or loss, the effect of the changes in credit risk are also presented in profit or loss. 	1 January 2018
AASB 2014-1 <i>Amendments to Australian Accounting Standards [Part E Financial Instruments]</i>	Amends various AASs to reflect the AASB's decision to defer the mandatory application date of AASB 9 to annual reporting periods beginning on or after 1 January 2018; as a consequence of Chapter 6; and to amend reduced disclosure requirements.	1 January 2018
AASB 2014-5 <i>Amendments to Australian Accounting Standards arising from AASB 15</i>	Amends the measurement of trade receivables and the recognition of dividends.	1 January 2017, except amendments to AASB 9 (December 2009) and AASB 9 (December 2010) apply 1 January 2018.
AASB 2014-7 <i>Amendments to Australian Accounting Standards arising from AASB 9</i>	Amends various AASs to incorporate the consequential amendments arising from the issuance of AASB 9.	1 January 2018
AASB 2015-1 <i>Amendments to Australian Accounting Standards – Annual Improvements to Australian Accounting Standards 2012–2014 Cycle</i>	<p>Amends the methods of disposal in AASB 5 Non current assets held for sale and discontinued operations.</p> <p>Amends AASB 7 Financial Instruments by including further guidance on servicing contracts.</p>	1 January 2016
[AASB 1, AASB 2, AASB 3, AASB 5, AASB 7, AASB 11, AASB 110, AASB 119, AASB 121, AASB 133, AASB 134, AASB 137 & AASB 140]		
AASB 2015-6 <i>Amendments to Australian Accounting Standards – Extending Related Party Disclosures to Not for Profit Public Sector Entities</i> [AASB 10, AASB 124 & AASB 1049]	AASB 2015-6 extends the scope of AASB 124 Related Party Disclosures to not-for-profit public sector entities. Guidance has been included to assist the application of the Standard by not-for-profit public sector entities.	1 January 2016

Note 2. Fee income

Operating commitments payable		
Less than 1 year	211,799	241,101
Longer than 1 year but not longer than 5 years	480,850	687,148
5 years or more	20,307	25,808
Total commitments (inclusive of GST)	712,956	954,057
Less GST recoverable from the Australian Tax Office	64,814	86,732
Total commitments (exclusive of GST)	648,142	867,324

Note 8. Contingent assets and liabilities

There were no contingent assets or liabilities at balance date 30 June 2016. (2015: Nil)

Note 9. Financial instruments

A. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Council's principal financial instruments comprise:

- › cash and deposits;
- › term deposits;
- › receivables (excluding statutory receivables);
- › payables (excluding statutory payables);

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement, and the basis on which income and expenses are recognised, with respect to each class of financial asset, financial liability and equity instrument above are disclosed in Note 1 to the financial statements.

The main purpose in holding financial instruments is to prudentially manage the Council's financial risks in the government policy parameters.

The Council's main financial risks include credit risk and liquidity risk. The Council manages these financial risks in accordance with its financial risk management policy.

The Council uses different methods to measure and manage the different risks to which it is exposed. Primary responsibility for the identification and management of financial risks rests with the financial risk management committee of the Council.

The carrying amounts of the Council's contractual financial assets and financial liabilities by category are disclosed in Table 9.1 below.

TABLE 9.1: CATEGORISATION OF FINANCIAL INSTRUMENTS

	Note	Contractual financial assets – loans and receivables \$	Contractual financial liabilities at amortised cost \$	Total \$
2016				
Contractual financial assets				
Cash and deposits		677,724		677,724
Investments ⁽ⁱ⁾		720,945		720,945
Receivables ⁽ⁱ⁾	4	15,808		15,808
Total contractual financial assets		1,414,477		1,414,477
Contractual financial liabilities				
Payables ⁽ⁱ⁾	5	693,831		693,831
Total Contractual financial liabilities		693,831		693,831
2015				
Contractual financial assets				
Cash and deposits		1,044,039		1,044,039
Investments ⁽ⁱ⁾		702,757		702,757
Receivables ⁽ⁱ⁾	4	18,441		18,441
Total contractual financial assets		1,765,238	–	1,765,238
Contractual financial liabilities				
Payables ⁽ⁱ⁾	5	252,172		252,172
Total contractual financial liabilities		252,172	–	252,172

Notes:

(i) The total amounts disclosed here exclude statutory amounts (e.g. GST input tax credit recoverable and taxes payable).

(ii) To comply with AASB 107 p.7, the Council has classified amounts held in interest bearing accounts for greater than 90 days as Investments.

B. CREDIT RISK

Credit risk arises from the financial assets of the Council, which comprise cash and deposits and non-statutory receivables.

The Council's exposure to credit risk arises from the potential default of the financial institution on their contractual obligations and the potential default of a scheme operator on their statutory obligations resulting in financial loss to the Council.

Credit risk is measured at fair value and is monitored on a regular basis.

Receivables are not past due and are not impaired.

There are no financial assets which are individually determined to be impaired. Currently, the Council does not hold any collateral as security nor credit enhancements relating to any of its financial assets.

There are no financial assets that have had their terms renegotiated so as to prevent them from being past due or impaired, and they are stated at the carrying amounts as indicated.

TABLE 9.2: AGEING ANALYSIS OF CONTRACTUAL FINANCIAL ASSETS

	Carrying amount	Not past due and not impaired	Past due but not impaired
2016			
Receivables			
Amounts owing from associations	8,186	8,186	–
Accrued interest	7,622	7,622	–
Investments			
Term deposit	720,945	720,945	–
Total	736,753	736,753	–
2015			
Receivables			
Amounts owing from associations	8,525	8,525	–
Accrued interest	9,916	9,916	–
Investments			
Term deposit	702,757	702,757	–
Total	721,198	721,198	–

C. LIQUIDITY RISK

Liquidity risk is the risk that the Council would be unable to meet its financial obligations as and when they fall due. The Council operates under the Government fair payments policy of settling financial obligations within 30 days and in the event of a dispute, making payments within 30 days from the date of resolution.

The Council's maximum exposure to liquidity risk is the carrying amounts of financial liabilities as disclosed in the face of the balance sheet. The Council manages its liquidity risk by:

- › close monitoring of its short term and long term borrowings by senior management, including monthly reviews on current and future borrowing levels and requirements;
- › maintaining an adequate level of uncommitted funds that can be

drawn at short notice to meet its short term obligations;

- › holding investments and other contractual financial assets that are readily tradeable in the financial markets; and
- › careful maturity planning of its financial obligations based on forecasts of future cash flows.

The Council's exposure to liquidity risk is deemed insignificant based on prior periods' data and current assessment of risk. Cash for unexpected events is generally sourced from liquidation of available for sale financial investments.

The State Government of New South Wales, through the Department of Finance, Services and Innovation is the Council's only creditor, thereby minimising liquidity risk.

All financial assets and liability maturity rates are less than six months.

The following table discloses the contractual maturity analysis for the Council's contractual financial liabilities.

TABLE 9.3: AGEING ANALYSIS OF CONTRACTUAL FINANCIAL LIABILITIES

	Carrying amount	Not past due and not impaired	Past due but not impaired
2016			
Payables	693,831	693,831	–
Total	693,831	693,831	–
2015			
Payables	252,172	252,172	–
Total	252,172	252,172	–

D. MARKET RISK

The Council's exposure to market risk is primarily through interest rate risk. Objectives, policies and processes used to manage this risk are disclosed below.

Interest rate risk

Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate because of changes in market interest rates. The Council does not hold any interest bearing financial instruments that are measured at fair value, and therefore has no exposure to fair value interest rate risk.

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Council has minimal exposure to cash flow interest rate risk through its cash and term deposit. The Council manages this risk by only investing in a term deposit of six months with a fixed interest rate. Management has determined that cash at bank is a financial asset that can be left at floating rate without necessarily exposing the Council to significant bad risk.

The carrying amounts of financial assets and financial liabilities that are exposed to interest rates are set out in Table 9.4.

TABLE 9.4: INTEREST RATE EXPOSURE OF FINANCIAL INSTRUMENTS

Interest rate exposure						
Description	Note	Weighted average effective interest rate %	Carrying amount	Interest rate exposure		
				Fixed interest rate	Variable interest rate	Non-interest bearing
2016						
Financial assets						
Cash	9.1	0.93	677,724		677,724	
Investment ⁽ⁱ⁾		2.20	720,945	720,945		
Receivables	4	–	15,808			15,808
Total financial assets			1,414,477	720,945	677,724	15,808
Financial liabilities						
Payables	5	–	693,831			693,831
Total financial liabilities			693,831			693,831
2015						
Financial assets						
Cash	9.1	1.15	1,044,039		1,044,039	
Investment ⁽ⁱ⁾		2.95	702,757	702,757		
Receivables	4	–	18,441			18,441
Total financial assets			1,765,238	702,757	1,044,039	18,441
Financial liabilities						
Payables	5	–	252,172			252,172
Total financial liabilities			252,172			252,172

Note:

(i) The total amounts disclosed here exclude statutory amounts (e.g. GST input tax credit recoverable and taxes payable).

E. FAIR VALUE OF FINANCIAL ASSETS

The carrying amount of financial assets is equal to their fair value.

All financial assets and liabilities are classified as level one in accordance with the fair value measurement hierarchy, as per Note 1(B).

Note 10. Cash flow information

	2016	2015
	\$	\$
Reconciliation of net result for the period		
Net result for the period	(601,917)	65,967
Movements in asset and liabilities:		
(Increase)/decrease in receivables	(27,930)	(41,341)
Increase/(decrease) in payables	441,659	(227,697)
Increase/(decrease) in unearned revenue	(159,939)	(21,885)
Net cash flows from/(used in) operating activities	(348,127)	(224,956)

Note 11. Responsible persons

In accordance with the Ministerial Directions issued by the Minister for Finance under the *Financial Management Act 1994*, the following disclosures are made regarding responsible persons for the reporting period.

NAMES

The persons who held the positions of Ministers and Accountable Officers in the Council are as follows:

Attorney-General	The Hon. Martin Pakula, MP	1 July 2015 to 30 June 2016
Acting Attorney-General	The Hon. Jill Hennessy, MP	23 September 2015 to 2 October 2015
	The Hon. Jane Garrett, MP	24 December 2015 to 10 January 2016
Chair	Mr. Brian Rayment QC	1 July 2015 to 30 June 2016

REMUNERATION OF ACCOUNTABLE OFFICER

Remuneration received or receivable by the Accountable Officer (Chair) in connection with the management of the New South Wales, Western Australian, South Australian, Queensland, Tasmanian, Australian Capital Territory, Northern Territory and Victorian Councils during the reporting period was \$11,581 (2015: \$8,080).

Amounts relating to Ministers are reported in the financial statements of the Department of Premier and Cabinet. For information regarding related party transactions of ministers, the Register of Ministers Interests is publicly available from: www.parliament.vic.gov.au/publication/register-of-interests

COUNCIL BOARD MEMBERS

Chair	Mr. Brian Rayment QC	1 July 2015 to 30 June 2016
Council Member	Ms. Ester Alter	1 July 2015 to 30 June 2016
Council Member	Mr. Robert Beaton	1 July 2015 to 30 June 2016
Council Member	Ms. Julie Cameron	1 July 2015 to 30 June 2016
Council Member	Mr. Terry Evans	1 July 2015 to 30 June 2016
Council Member	Mr. Tom Karp	1 July 2015 to 30 June 2016
Council Member	Ms. Joanne Metcalfe	1 July 2015 to 30 June 2016
Council Member	Ms. Rachel Webber	1 July 2015 to 30 June 2016
Council Member	Ms. Tiina-Liisa Sexton	1 July 2015 to 30 June 2016
Council Member	Mr. Iain Summers	1 July 2015 to 30 June 2016
Council Member	Mr. John Vines	1 January 2016 to 30 June 2016

REMUNERATION OF COUNCIL BOARD MEMBERS

The remuneration received by members of the Council Board as Members of the Board totaled \$60,764 for the year ended 30 June 2016 (2015: \$52,969).

The number of members of the Council Board with remuneration that fell within the following bands was:

Income band	Total remuneration 2016 No.	Total remuneration 2015 No.
\$0 – \$9,999	10	11
\$10,000 – \$19,999	1	–
Total number of board members	11	11

OTHER TRANSACTIONS

Other related transactions and loans requiring disclosure under the Directions of the Minister for Finance have been considered and there are no matters to report (2015: nil).

Note 12. Remuneration of auditors

	2016 \$	2015 \$
Victorian Auditor-General's Office		
Audit of the financial statements	12,300	12,000

Note 13. Glossary of terms and style conventions

COMMITMENTS

Commitments include those operating, capital and other outsourcing commitments arising from non-cancellable contractual or statutory sources.

COMPREHENSIVE RESULT

The net result of all items of income and expense recognised for the period. It is the aggregate of operating result and other comprehensive income.

FINANCIAL ASSET

A financial asset is any asset that is:

- (a) cash;
- (b) an equity instrument of another equity;
- (c) a contractual right;
 - to receive cash or another financial asset from another entity; or
 - to exchange financial assets or financial liabilities with another entity under conditions that are potentially favourable to the entity; or

- (d) a contract that will or may be settled in the entity's own equity instruments and is:
 - a non-derivative for which the entity is or may be obliged to receive a variable number of the entity's own equity instruments; or
 - a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the entity's own equity instruments.

FINANCIAL INSTRUMENT

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets or liabilities that are not contractual (such as statutory receivables or payables that arise as a result of statutory requirements imposed by governments) are not financial instruments.

FINANCIAL LIABILITY

A financial liability is any liability that is:

- (a) a contractual or statutory obligation:
 - (i) to deliver cash or another financial asset to another entity; or

- (ii) to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the entity; or
- (b) a contract that will or may be settled in the entity's own equity instruments and is:
 - (i) a non-derivative for which the entity is or may be obliged to deliver a variable number of the entity's own equity instruments; or
 - (ii) a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the entity's own equity instruments. For this purpose the entity's own equity instruments do not include instruments that are themselves contracts for the future receipt or delivery of the entity's own equity instruments.

FINANCIAL STATEMENTS

A complete set of financial statements comprises:

- (a) a balance sheet as at the end of the period;
- (b) a comprehensive operating statement for the period;
- (c) a statement of changes in equity for the period;

- (d) a statement of cash flows for the period;
- (e) notes, comprising a summary of significant accounting policies and other explanatory information;
- (f) comparative information in respect of the preceding period as specified in paragraphs 38 of AASB 101 *Presentation of Financial Statements*; and
- (g) a statement of financial position as at the beginning of the preceding period when an entity applies an accounting policy retrospectively or makes a retrospective restatement of items in its financial statements, or when it reclassifies items in its financial statements in accordance with paragraph 41 of AASB 101.

INTEREST INCOME

Interest income includes unwinding over time of discounts on financial assets and interest received on bank term deposits and other investments.

NET RESULT

Net result is a measure of financial performance of the operations for the period. It is the net result of items of income, gains and expenses (including losses) recognised for the period, excluding those that are classified as 'other economic flows – other comprehensive income'.

NET RESULT FROM TRANSACTION/NET OPERATING BALANCE

Net result from transactions or net operating balance is a key fiscal aggregate and is income from transactions minus expenses from transactions. It is a summary measure of the ongoing sustainability of operations. It excludes gains and losses resulting from changes in price levels and other changes in the

volume of assets. It is the component of the change in net worth that is due to transactions and can be attributed directly to government policies.

NET WORTH

Assets less liabilities, which is an economic measure of wealth.

PAYABLES

Includes short and long term trade debt and accounts payable, grants, taxes and interest payable.

RECEIVABLES

Includes amounts owing from government through appropriation receivable, short and long term trade credit and accounts receivable, accrued investment income, grants, taxes and interest receivable.

SUPPLIES AND SERVICES

Supplies and services generally represent cost of goods sold and the day-to-day running costs, including maintenance costs, incurred in the normal operations of the VPSC.

SCHEME

A scheme requires occupational associations to improve their professional standards and protect consumers by implementing robust risk management strategies and adhering to professional indemnity insurance standards. It rewards such practices by limiting the occupational liability of members of occupational associations.

STYLE CONVENTIONS

Figures in the tables and in the text have been rounded. Discrepancies in tables between totals and sums of components reflect rounding. Percentage variations in all tables are based on the underlying unrounded amounts.

The notation used in the tables is as follows:

- .. zero, or rounded to zero
- (xxx.x) negative numbers
- 200x year period
- 200x 0x year period

The financial statements and notes are presented based on the illustration for a government department in the 2015–16 Model Report for Victorian Government Departments. The presentation of other disclosures is generally consistent with the other disclosures made in earlier publications of the Council's annual reports.

TRANSACTIONS

Transactions are those economic flows that are considered to arise as a result of policy decisions, usually an interaction between two entities by mutual agreement. They also include flows within an entity such as depreciation where the owner is simultaneously acting as the owner of the depreciating asset and as the consumer of the service provided by the asset. Taxation is regarded as mutually agreed interactions between the government and taxpayers. Transactions can be in kind (e.g. assets provided/given free of charge or for nominal consideration) or where the final consideration is cash. In simple terms, transactions arise from the policy decisions of the government.
